

AuScope

How to acknowledge AuScope

For presentations, publications and events:

Please use our logo and program icons, downloadable via:

auscope.org.au/community or [Zip File](#)

Together with this sentence:

This study/project/work was enabled by NCRIS via AuScope.

Or this more detailed one, if time or space allows:

This study/project/work was enabled by AuScope and the Australian Government via the National Collaborative Research Infrastructure Strategy (NCRIS): auscope.org.au

For social media:

Please tag us on Twitter and LinkedIn with the following:

@auscope | #AuScopeImpact | #NCRISImpact

By acknowledging 'AuScope' (as per above) in your paper, we will receive a notification from Google Scholar. This will inform our usage statistics with NCRIS, and if the work is significant, we can promote it via our website, newsletter, and the media.
